On Sunday 06-29-2014 a Deputy was dispatched to CR 509 in reference to animal cruelty. A passerby wanted the Deputy to check the welfare of a horse, donkey and foal that appeared malnourished. Several donkeys were observed to be in good health and eating green grass. The donkey and foal pair were separated from the others and appeared in good health also, the foal's legs were unsteady but it looked only a few days old. The horse could be seen from the roadway but its welfare could not be determined. Subjects in the residence could not be contacted due to three very large and healthy dogs in their yard. The responding Deputy will attempt contact later in the day, but at this time there appears to be no offense. EOR
