For more information call  
Gilbert Soto - 936-652-2319  
Debbie Gove - 936-554-4578

Kidney disease is the 9th leading cause of death in the United States. An estimated 31 million people in the United States have chronic kidney disease (CKD).

Leading causes of kidney failure are diabetes and high blood pressure.

Cost of treating kidney failure is expensive—costly to patients, their employers and taxpayers.

All proceeds from the Kidney Run will go to Love In The Name of Christ Nacogdoches Kidney Patient Fund to assist with costs such as transportation, medications, nutrition and transplant work-ups.
