Makerspace: Vortex Air Cannons at Judy B. McDonald Public Library

(Nacogdoches) The Judy B. McDonald Public Library invites tweens and teens ages 10 and up to learn about and build vortex air cannons at the final Makerspace of the summer on Wednesday, August 17 at 5:30 p.m. “We built a giant vortex air cannon and unveiled it at the summer reading kick-off,” says Crystal Hicks, assistant library director. “We’re going to bring it back out for experimentation and make medium and small-sized ones as well.” Please call 936-559-2970 to register. More Makerspace programs will be held for teens in the fall, and there will be weekly STEAM workshops for kids ages 7-11 years. Library information is available at www.ci.nacogdoches.tx.us/library, on Facebook under Judy B. McDonald Public Library and on Twitter and Instagram as friendsofnacpl.
