Hotspot Lending at Nacogdoches Public Library

(Nacogdoches, TX) – The Nacogdoches Public Library has been awarded a #NacBends Technology Grant so that customers can access the Internet at their home through the use of hotspots. Hotspots can be checked out by customers who have been members of the library for at least six months and are in good standing. Additionally, the library website now features a link to Brainfuse, a free online program that offers live tutoring on weekdays from 2:00pm-11:00pm. The #NacBends project is made possible by a grant from the U.S. Institute of Museum and Library Services and Texas State Library and Archives Commission.

The library is open for in-person browsing and checkout and computer use Monday through Friday from 10 am to 6 pm. For more information, please call (936) 559-2970. Curbside Ordering & Pickup also remains available. Online orders can be placed at www.nactx.us/library.
